

## TEMPLE BETH ELOHIM High Holy Days 2019

The Sanctuary is a place of worship and respect for others. In order to preserve the solemnity of the High Holy Days and the appropriate decorum, we provide childcare services for our children who are younger than nine years old.

Children nine and over are expected to sit quietly through the services. If your child cannot do this, we ask you to please respect the needs of others and make other arrangements.

In order to guarantee childcare, arrangements must be made in advance. If you wish to use the childcare services, please complete and return this form with your check made payable to *Temple Beth Elohim*. In order to avoid having childcare providers available if there are no children using the room at a particular service, we ask you to make your reservation by Friday, September 6<sup>th</sup>. We regret that we will be unable to offer childcare if we have no reservations for an individual service by this date. The cost of childcare is \$18 per family per session.

Snacks will be provided, but parents are responsible for letting us know if your child has any allergies. If you bring a snack, please be sure it is nut-free to avoid having an allergic child become ill.

*If you leave your child in the childcare room, please leave your cell phone on “vibrate” in case you are needed.*
